CITY OF EDEN PRAIRIE

One of our greatest strengths at Sign Source is our ability to forge long lasting mutually beneficial relationships with our customers.

After completing the massive project of designing, fabricating and installing new cabinet monuments for the entire Eden Prairie parks system, the city called on Sign Source again to print and install the signage for the municipal liquor store. We even designed and printed a custom breakaway banner for the new fire station dedication ceremony.

Custom breakaway banner for EP Fire Department dedication
